SUMMARY

Highly motivated Data Analyst with a passion for deriving actionable insights from data. experience in data analysis, visualization, and business intelligence. Proficient in SQL, Excel, Python, and Power BI, with a strong ability to design and maintain effective Business Intelligence solutions. Expertise includes working with Databases, Data Warehouses (DWH), and ETL processes. Committed to delivering valuable insights that support data-driven decision-making within organizations

EXPERIENCE

Business Intelligence Consultant (Freelance)   **January 2022 - Present**

(Freelance) | Remote

- Design and monitor complex databases and Ensure a database is operational and provides valid and relevant data
- Oversaw existing database management systems' operations, troubleshoot errors, and tune performance
- Work with different developing teams to establish an efficient database system using SQL Server
- Craft and execute queries upon request for data, and present information through reports and visualization using Power BI

Data Analyst (Professional Training)   **Nov 2022 - Present**

The Forage | Remote

- Completed various data analysis programs on TheForage.com, focusing on advanced analytical techniques and practical applications.
- Developed skills in data manipulation, statistical analysis, and predictive modeling through hands-on projects and assessments.
- Applied acquired knowledge to real-world scenarios, enhancing problem-solving abilities and analytical thinking.

EDUCATION

BSc. Marine Engineering at Port Said University   **2017-2022**

TECHNICAL SKILLS

- **Programming Languages**: SQL, Python
- **Data Tool and Visualization:** Microsoft Power BI, Microsoft SQL Server (SSIS, SSAS, SSRS)
- **Data Management**: Databases (development, administration, performance tuning), Data Warehouse (DWH), Dax, ETL, DBMS
- **Miscellaneous**: Data Visualization, Microsoft Excel, PowerPoint

SOFT SKILLS

- Strong Analytical and Problem-Solving Skills
- Effective Communication and Presentation Skills
- Teamwork and Collaboration
- Time Management and Prioritization
- Adaptability and Flexibility
- Initiative and Self-Motivation
- Attention to Detail
- Positive Attitude and Willingness to Learn

LANGUAGES

- Arabic
- English

PROJECTS

- **Data Visualization and Reporting**: Build interactive dashboards and reports using Power BI, connecting to SQL data sources. Showcase your ability to create compelling visualizations to convey insights to stakeholders.

- **Sales Performance Analysis:** Conducted a comprehensive analysis of sales performance data to identify trends, patterns, and opportunities for improvement. Extracted and transformed raw data from multiple sources using SQL and ETL processes. Developed an interactive Power BI dashboard to visualize key performance indicators (KPIs), enabling stakeholders to make data-driven decisions.
